

EP HENRY®

BUYER'S GUIDE

HOW TO MAKE YOUR DREAM A SUCCESS

Here are some tips for how to successfully navigate the path to making your dream outdoor living space a reality.

INSPIRATION

PREPARATION

INSTALLATION

Phase 1 - Inspiration

TIP 1 PICTURE YOUR PURPOSE

Think about what you'd like to achieve with your new outdoor living space. Do you want a space to relax in the sun, or a place to extend the season? Is your goal to get the kids away from computer and phone screens and into the backyard more? The answers to these questions will determine which features will deliver on your dream.

TIP 2 GET INSPIRED

Even if you already have some ideas about features you want, it's always smart to find inspiration and explore ideas from pictures of finished installations. This catalog is a great place to start. For more ideas and inspiration, visit ephenry.com and view our extensive design galleries.

TIP 3 MAKE YOUR "DREAM" LIST

With your vision clear, it's time to make a list of all of the features you'd love to include in your outdoor space. A fire pit for late-night family s'mores? A space to dine with your spouse? A pool for summer parties with your friends and neighbors?

HERE'S A HANDY LIST OF FEATURES TO CONSIDER:

WALKWAY

Create a beautiful entry from the front yard

PATIO / SEATING AREA

Host gatherings of friends and family

CAST STONE WALLS

Enclose your space and create outdoor seating

GRILL, BAR OR KITCHEN

Entertain outdoors throughout the year

FIREPLACE / FIRE PIT

Make Fall and Winter more comfortable

POOL

Create a fun way for family and friends to play

HOT TUB

Decompress and unwind

SHADE LOUNGE

Escape to a cool place on hot days

FOUNTAIN FEATURE

Add the relaxing sight and sound of water

RETAINING WALLS

Add structure and style to your garden

DRIVEWAY

Create a dramatic entrance to your home

CAST VENEER STONE

Create an impressive look for your home itself

Once you have an idea of what you want your dream space to look like, certified EP Henry Authorized Hardscaping Contractors® and Distributors are trusted resources for helping you translate your vision into reality.

Phase 2 - Preparation

GET A CONTRACTOR RECOMMENDATION FROM A TRUSTED SOURCE

Finding the right contractor is a critical step in the process. Take the guesswork out of finding a professional by using one of our recommended EP Henry Authorized Hardscaping Contractors through EP Henry Project Services. With hundreds of pre-qualified installers, we make it easy to get matched with proven professionals that are the right fit for your needs across a range and scope of services. **We're so confident in our EP Henry Authorized Hardscaping Contractors that we warranty both our hardscaping products and their installation when you choose one from our registered network** (see page 143 for more details on our policy and instructions on how to activate this coverage). Visit ephenry.com today and click on "Find a Contractor" at the top of the page to get connected with an EP Henry Project Consultant who will help you find someone that's right for your project.

THINK ABOUT YOUR BUDGET RANGE

By having a sense of the budget range that you're comfortable with, contractors can provide realistic designs and workarounds that will help you maximize your space.

Phase 2 - Installation

BRINGING YOUR DREAM TO LIFE

Once your plan is set and you've selected a contractor, it's time for the work to begin. The good news is that if you've selected an EP Henry Authorized Hardscaping Contractor, the quality of that person's work has already been vetted and you can trust that the job will go smoothly.

SHARE YOUR SUCCESS

Once the work is complete, we invite you to send us photos of your new outdoor living space on Twitter @EPHenryUSA. We love to see homeowners' dream spaces come to life and look forward to seeing yours!

Are you ready to start your path toward the outdoor lifestyle of your dreams? Visit us at ephenry.com for even more inspiration, to find an EP Henry Authorized Hardscaping Contractor, or to locate a distributor near you.

OUTDOOR LIVING DESIGN TIPS

Before choosing your materials, it's important to consider various design elements that will impact the look and feel of your outdoor space. Experts, such as EP Henry Authorized Hardscaping Contractors® and Distributors, are excellent resources when choosing which products are right for your home.

COLOR

COLOR

It's important to choose an outdoor color scheme that will pair well with your home's exterior. EP Henry offers an incredibly wide array of color options to complement your home. If you fall in love with a particular color, it's easy to explore which products and shapes it's available in by visiting the product section of ephenry.com. Consistency of color is also very important. Through our unique Colorist system, EP Henry is able to achieve unsurpassed color blending within each paver for beautiful, natural looking results.

SHAPE

SHAPE

Consider how paver shape will interact with the architecture of your home. Different pavers pair well with a traditional home vs. a contemporary one. Similarly, the perfect paver pairing for a brick home may differ from one with siding. Some paver styles lend themselves to creating structured patterns, while others are installed in a random layout. ephenry.com and EP Henry Authorized Hardscaping Contractors are great resources for exploring patterns and color options for your favorite paver shapes.

SCALE

SCALE

The size of the area being paved can often influence which paver works best. A small patio with large pavers may make a space look smaller, while a large area with small pavers may look too busy. Some larger-scale pavers also don't allow for vehicular traffic. Ask your contractor for advice on which paver size makes the most sense for your project.

PROFILE

PROFILE

Do you prefer a more modern or a more rustic design feel? The texture of the materials you choose will evoke a mood that should match the aesthetic of your home. For example, a weathered look choice such as Coventry Aged Pavers will provide a more rustic vibe, while Bristol Stone Smooth will create an ultra-smooth, contemporary look. Visit your local EP Henry Authorized Hardscaping Distributor® to explore paver profiles and find the one that's right for you.

BORDERS AND ACCENTS

BORDERS AND ACCENTS

Accent colors and borders add visual interest and can draw the eye throughout the expanse of your outdoor space. Changing a color, pattern, or paver style can even create the impression of a separate space, such as a dining area, within an overall patio design.

Are you ready to start your path toward the outdoor lifestyle of your dreams? Visit us at ephenry.com for even more inspiration, to find an EP Henry Authorized Hardscaping Contractor, or to locate a distributor near you.

EP HENRY – QUALITY FOR LIFE™

At EP Henry, we're on a mission to bring friends and families together through amazing outdoor living spaces. Nowhere is our commitment to quality, and our commitment to you, better represented than in the exclusive EP Henry products below, and the industry-leading warranty that backs them up.

When it comes to quality, seeing is believing. Before you finalize your design decisions, we encourage you to see the EP Henry difference with your contractor or check out samples for yourself at any EP Henry Authorized Hardscaping Distributor®.

THE EP HENRY COLOR DIFFERENCE

From timeless classics to the latest trends, no one offers a better selection of exclusive colors than EP Henry. Looking to find the perfect pairing of pavers with Cast Stone Walls? No need to worry. Our color systems coordinate, allowing anyone to design with confidence.

CAST STONE WALL COLLECTION

EP Henry's patented Cast Stone Wall Collection is the leading innovation in the market for replicating the beauty of natural stone. This collection is typically much more affordable than a traditional natural stone wall and comes in both single- and double-sided options. Explore limitless design possibilities and add dimension to any outdoor living space with the premium look of natural stone.

COLORTECH™ PAVERS

EP Henry ColorTech Pavers are an exciting new innovation which provides a premium look that's "a cut above" natural stone. The secret is a proprietary formula used in the manufacturing process that intensifies the beauty of our pavers while creating a protective coating that is resistant to staining, acid rain and UV rays. Pavers with ColorTech serve to enhance and protect your investment.

IMPERIAL COLLECTION

The Imperial line offers a truly exceptional value. Imperial Pavers and Walls are manufactured with the same EP Henry quality standards and lifetime warranty you'll find in all of our products, and are available in a range of the most popular colors and profiles in our industry. We believe that the choice between Imperial and the competition is clear when you see the difference up close.

FREE EP HENRY PROJECT SERVICES®

With our exclusive Project Services program, you are matched with a personal Project Consultant who will help guide you through your project and assist you with obtaining an EP Henry Authorized Hardscaping Contractor® from our network of trained professionals. Our consultants make the process easy and stress-free by matching you with professionals that best suit the scope of your project.

QUALITY FOR LIFE WARRANTY

We know that your dream project is an important long-term investment meant to enhance the quality of your life and improve the value of your property. That's why we engineer our products to stand the test of time and back them with a warranty that sets the bar within our industry. When you choose EP Henry, you can make your decision with confidence knowing that our 115 year old company has your back. For more information on our warranty coverage, please visit ephenry.com.
